Addon Props

How to install ?

- Import addonprops folder to your dlcpacks folder (You GTA V Folder\update\x64\dlcpacks\).
- Using OpenIv, extract the file dlclist.xml from (update\update.rpf \common\data)
- Add to your dlclist.xml the line:

<Item>dlcpacks:\addonprops\</Item>

- Import back the dlclist.xml file to your game.
- Mod installed!
